## Create Google Drive Collection on NCSA Google Drive @illinois

NOTE: A Globus "Collection" in the new Globus Connect Server v5 (GCSv5) is what has previously been referred to as an "endpoint". The Display Name created in step 11 will be used to access this collection through the Globus webui or cli.

- 1. Logon to https://globus.org
- 2. If you have not, please first go through the steps here: Access NCSA Google Drive @illinois through Globus
- 3. Select 'Endpoints' from the left navigation bar a. search for 'NCSA Google Drive' and select

and a star of the same second star and the same second

4. Navigate to the 'Collections' tab from the NCSA Google Drive @illlinois endpoint page

## 5. Select 'Add a guest collection' Introducing Timers - you can now set a transfer option to schedule and repeat transfer tasks. Learn more about Timers.
