Allocations on Taiga

Access to *Taiga* is restricted to those with allocations stemming from a direct investment in the *Taiga* system or via an allocation on a system that is itself paying for capacity storage from *Taiga*.

Systems Leveraging Taiga

- Delta
- Radiant (Coming Soon)
- HAL*
- HOLL-I
- NCSA Industry

* Users of HAL will have access to the *Taiga* file system on its head nodes and DTN. Users are able access an allocation from another cluster or investment; HAL itself does not leverage *Taiga* for capacity.
