

NCSA at 2022 NSF Cybersecurity Summit

NCSA will again be participating in the [NSF Cybersecurity Summit](#) this year. The [2022 Summit Program](#) includes presentations by NCSA's Jim Basney (Trusted CI Update) and Phuong Cao (A data anonymization proxy for interactive log analyses). Jim is also co-organizing a workshop on [Token-based Authentication and Authorization](#) at the Summit. NCSA's Jeannette Dopheide will be emceeing the event.
